

# JOHN DOE

## SENIOR DATA SCIENTIST

Email: [contact@example.com](mailto:contact@example.com) | Phone: +1 555-0199 | GitHub: [github.com/candidate](https://github.com/candidate)

### PROFESSIONAL SUMMARY

Senior Data Scientist with 6 years of experience in statistical analysis, predictive modeling, and system design.

Proven record of delivering machine learning projects that drive business decisions.

Expert in Python, R, and SQL.

AWS Certified Machine Learning Specialist.

### SKILLS

- Machine Learning: Random Forest, Gradient Boosting, SVM, K-Means, Neural Networks.
- Languages & Tools: Python, R, SQL, Git, Docker, Kubernetes.
- Data Engineering: Pandas, NumPy, Spark, Airflow, Tableau, PowerBI.
- Soft Skills: Leadership, Communication, Project Management, Collaboration.

### EXPERIENCE

- Lead Data Scientist – TechCorp (2022 – Present)
- Spearheaded development of a customer recommendation system using PyTorch and Scikit-Learn.
- Designed automated data pipelines in Airflow, reducing processing times by 35%.
- Led a team of 3 junior data scientists to coordinate predictive analytics models.
- Data Analyst – Analytics Group (2020 – 2022)
- Solved complex database query issues, increasing reporting speeds by 50%.
- Formulated key customer retention strategies using logistic regression.

### PROJECTS

- AI Resume Matcher
- Developed an ATS score calculator using text2vec, Cosine Similarity, and Random Forest in R.
- Configured a Shiny dashboard with plotly charts and automated reports.

### EDUCATION

- Master of Science in Data Science – State University (Graduated 2020)
- Bachelor of Technology in Computer Science – Tech Institute (Graduated 2018)
