

RAGHU BHARATHI K P

FULL STACK DEVELOPER / SDE

Email: contact@example.com | Phone: +1 555-0199 | GitHub: github.com/candidate

PROFESSIONAL SUMMARY

Information Technology specialist with hands-on experience in full-stack development, RESTful API design, and database management using Java, Python, and SQL. Built and shipped projects spanning a payment-integrated web platform and a machine-learning-based intrusion detection service with a low-latency FastAPI backend. Interned at Zoho Corporation.

SKILLS

- Languages: Java, C++, Python, SQL, TypeScript, HTML5, CSS3.
- Backend & APIs: RESTful API Design, Microservices, Spring Boot, FastAPI, Node.js, Express.js.
- Databases: PostgreSQL, MySQL, Supabase, RDBMS.
- Frontend: React, Next.js, Tailwind CSS.
- Cloud & Tools: AWS (EC2, S3), Microsoft Azure, Docker, Git, GitHub, Linux Shell, Postman.
- Practices: SDLC, Agile/Scrum, Code Reviews, Unit Testing, Debugging.

EXPERIENCE

- CRM Intern – Zoho Corporation (June 2025 – July 2025)
- Automated core enterprise workflows across Zoho CRM and Zoho Books using custom scripts and API integrations.
- Integrated RESTful Zoho CRM APIs for seamless data synchronization, ensuring low latency.
- Participated in system design discussions and continuous process optimization.

PROJECTS

- QuickLink – Full-Stack Web Application
- Designed and developed a high-volume URL shortener and custom QR code generator with real-time analytics.
- Architected relational database schemas in PostgreSQL and integrated Razorpay payment gateway.
- IDS-ML – Intrusion Detection System (ML Backend)
- Engineered an intrusion detection pipeline using Random Forest and Isolation Forest models.

- Developed high-availability REST APIs with FastAPI and integrated SHAP for explainable AI.

EDUCATION

- Bachelor of Technology in Information Technology – Rajalakshmi Engineering College (2023 – 2027)
